PROFESSIONAL SUMMARY

Product designer (MFA, Parsons) with a creative strategy background at TikTok and Universal Music Group. I design end to end and tend to go past the prototype: my thesis is a solo-built React Native app with accessibility built in from the start, and I rebuilt a nonprofit's newsletter as a modular system a non-designer could run without breaking the brand. I care about accessibility, design systems that hold up, and testing ideas before committing to them.

CORE COMPETENCIES

- End-to-End Product Design
- UX Research & Testing
- Interaction & Visual Design
- Design Systems
- Accessibility (WCAG)
- React Native, TypeScript
- Figma & Prototyping

PROJECTS

Fresh Greens

Solo Designer & Engineer | MFA Thesis

Wayfinding app for Black travel in America, designed and shipped solo in React Native. Built on a three-layer architecture so every routing decision stays auditable, with a reserved-color signaling system and accessibility built in from the start: WCAG dash-pattern encoding, dynamic type, and VoiceOver support.

Figma | React Native | TypeScript | accessibility (WCAG)

UnderstandingFAFSA

Product Designer

Newsletter redesign for a nonprofit navigating financial aid. Built modular Figma to Mailchimp templates with locked-vs-swappable rules so a non-designer founder could ship on-brand without a designer in the loop. Open rates went from about 30% to 52.6%.

Figma | Mailchimp | design systems | HTML email | typography

Navi

UI/UX Designer

Regenerative-travel platform for NYC neighborhood experiences. Resident-led research, three personas, and concept testing before visual execution: 78% preferred neighborhood-led recommendations over generic top-ten lists. Defined IA, the Learn/Plan/Go framework, and the visual system.

Figma | UX research | information architecture | visual system

WORK EXPERIENCE

Universal Music Group, Island Records

Aug 2023 - Aug 2024

Creative Strategy Assistant | New York, NY

- Led tour promotion end to end and coordinated on-time music video delivery for global artists across Vevo, Facebook, and Apple, working across vendors, stakeholders, and fixed client timelines.

TikTok (ByteDance)

May - Aug 2022

Creative Strategist Intern | New York, NY

- Designed the TikTok World summit visual experience and wrote Shopping Ads launch copy later reused across TikTok for Business e-commerce offerings.

TikTok (ByteDance)

May - Aug 2021

Creative Strategist Intern | New York, NY

- Designed the first batch of Dynamic Showcase Ad templates for SMB merchants. One template was adopted by American Eagle Outfitters, enabling cost-effective campaigns without an in-house creative team.

EDUCATION

MFA, Design & Technology | Parsons School of Design

Aug 2024 - May 2026

Thesis: Fresh Greens. BA: Media Studies, Pomona College.

SKILLS

Design: End-to-end product & UX design, user research, design thinking, IA, prototyping, interaction & visual design, design systems, typography, accessibility (WCAG)

Tools & Build: Figma, Adobe Creative Suite, After Effects | React Native, TypeScript, Expo, HTML, CSS | Claude Code
